Hello **Tina**,

We are excited to begin work on this project and with you. Today we met as a group to introduce ourselves and talk about next steps for working on this project. One of the next steps was to meet with you and introduce ourselves. In this meeting we would like to discuss more in depth about the goals of this project and your desired outcomes. The group decided that overall the best time to meet would be any day after 4 in the afternoon. If you have any time to meet during this time for thirty minutes that would be great. Thank you for your time and I look forward to hearing from you.

Good Morning Ethan

I'm excited to start working on this. I am available most days after 4 so let me know what works for you. If you are on campus, I am happy to meet in person. We can either meet in my office or the conference room across the hall.

I look forward to meeting with you.

Tina

Most of our teammates are either remote or prefer to have a meeting over Zoom, I hope this still works for you. Would a zoom meeting at 5 tomorrow work for you?

Prouty, Tina N [E CPE] <tnprouty@iastate.edu>

Hello **Tina**,

I hope you are doing well. I was wondering if you could send over that excel document that you have previously been using for the golf league? That would help us tremendously, thank you.

Good Morning Ethan

I apologize for the delay. Cindi finally sent me the spreadsheets yesterday but they went to my junk mail so I didn't see them. Hopefully this will give you an idea of what we are currently doing. Let me know if you need me to try to explain it to you.

Tina

Hello **Tina**,

I hope all is well with you and that you are staying safe. We have made progress as a group since we have last spoke. Currently we have a mockup of the design of what we envision the web application to be. We would like to hear your feedback and gain any insight you have on it. Would you be available next week to discuss over zoom these designs? Thank you for your time and have a great weekend.

Hi Ethan

I have some time next week. Right now my Wednesday is pretty open and Thursday morning is open. Other than that it is hit for miss with registration appointments. Let me know what would work for you.

Tina

Next Wednesday at 5 would work for the majority of us if you could make that work. Thank you for your time.

Hi **Tina**,

Are you able to make 5 work today? Otherwise we can plan on next week, just wanted to touch base and show you what we have been working on. Thanks!

Good Afternoon Ethan

I apologize for not getting back to you sooner. It has been a bit hectic the last few days and I have gotten behind on emails. Unfortunately 5 on Wednesdays doesn't work. Would there be a time during the day that could work?

Ethan Evans <edevas@iastate.edu>

to Tina ▾

Members of the team prefer a little later. Any chance between 4-5 on any day of the week, next week?

Prouty, Tina N [E CPE]

Wed, Mar 31, 2:38 PM

to me ▾

I could do 4pm on Wednesday or Thursday next week.

Ethan Evans <edevas@iastate.edu>
