

Team Name: sddec21-03

Team Members: Aidan Andreas, Ethan Evans, Max Farver, Nick Landon, Brad Zalasky

Report Period: March 1-12

Summary of Progress in this Period

We have been working on the design document as a group. Each group member was tasked to complete a section and also edit another team member. As a group we were able to also receive the documents that our client was using previously to manage the Golf League. We have started to design the wireframes for a group on an application called Figma.

Pending Issues

No issues have come up.

Plans for Upcoming Reporting Period

During the next two weeks, we will begin to finalize our wireframe designs. Once the wireframes are finalized we will have a meeting with the client to gain feedback on the proposed design. Also as a group once we receive feedback on our design document, we will begin to make any changes that are requested by the faculty.
